Environmental Policy Statement

EXECUTIVE SUMMARY

Douglas Autotech Corporation (the company) believes it has an important duty to ensure good environmental performance in all its business operations and to provide the necessary organization, commitment and training to fulfill this obligation. The management firmly believes in, and is committed to monitoring and improving environmental performance, pollution prevention and environmental protection.

THESE AIMS WILL BE ACHIEVED THROUGH:

- Incorporating environmental responsibility into all business operations by planning environmental protection, reviewing and developing policy, by setting targets and reviewing and auditing performance.
- Utilizing the best available techniques to comply with the requirements of existing and future legislation, and encouraging those working on our site to meet the same standards.
- Implementing a systematic waste minimization program to achieve objectives and targets to reduce waste.
- Pursuing continuous improvement in environmental performance, where reasonably practicable; by setting objectives and targets, (especially in addressing the areas of resource use by reducing energy and water consumption), increasing reuse and recycling and improving solid and liquid waste management methods.
- Being committed to maintaining effective communication systems on environmental matters through training and improved awareness.
- The company will promote its objectives and will respond positively to enquiries and suggestions from both inside and outside the company.

All employees have responsibilities for policy implementation by participating and contributing to its success through their actions.
